

Mohammed Y. Zaid

US Citizen | San Diego, CA | (562) 417-5854 | mdyasinzaidabir@gmail.com | LinkedIn: [mohammed-zaid](#) | Github: [mzaid03](#)

EDUCATION

University of California, San Diego

La Jolla, California

B.S. in Mathematics & Computer Science

Expected Graduation, March 2027

Relevant Coursework: Algorithmic Design and Analysis, Computer Systems Organization, Operating Systems, Software Engineering, Networks and Communications, Digital Architecture, Computation and Hardware Acceleration

EXPERIENCE

Software Engineer Intern

Lake Elsinore, CA

Maroon Compatibility Group Inc.

June 2026 - July 2026

- Developed **15** scalable features using **React**, **TypeScript**, and **REST APIs**, improving user engagement by **30%**.
- Debugged **30+** production issues using **Agile** development practices, increasing application reliability.
- Built **10+** production **UI** components, reducing development time by **35%** and improving code maintainability.
- Reduced **Front-End** latency by **25%** by optimizing component rendering and **API** integration, improving the app.

Software Engineer

Lake Elsinore, CA

Freelance

April 2025 - Present

- Developed **20** responsive websites via **HTML5**, **CSS3**, and JavaScript, for owners to establish an online presence.
- Architected polished brand interfaces using **Flexbox**, **CSS Grid**, and custom animations, improving usability.
- Implemented responsive navigation, smooth-scroll routing, and menu features for a seamless user experience.
- Collaborated with the client to gather feedback and refine site features based on evolving business needs.

Muslim Tech Collaborative

La Jolla, CA

Member

April 2024 - Present

- Constructed **10+** full-stack apps using **React/Node.js**, applying agile sprints to boost member skills.
- Developed **ML pipelines** with TensorFlow, streamlining preprocessing and training to reach **99%** accuracy.
- Led more than **30** collaborative projects, enforcing **Git/Agile practices** to cut delivery time by **35%**.
- Facilitated **10+** resume workshops, creating ATS-ready templates that improved internship callbacks by **30%**.

PROJECTS

Velix - Messaging App

January 2026 - Present

- Deployed a real-time messaging app using **Next.js** and **Typescript**, ensuring connectivity between users.
- Designed a secure **Postgres** schema with **RLS** helpers in **Supabase**, giving access to messages to members.
- Implemented low-latency message delivery, enabling instant synchronization and consistent state across users.
- Integrated **GenAI**-assisted tooling into development to automate repetitive tasks and reduce manual review.

Tasklee - Task Manager

January 2026 - March 2026

- Achieved **100%** tenant isolation using Next.js, Supabase Anonymous Authentication, and RLS.
- Built a PostgreSQL-backed task system with persistent storage, allowing users to retain data across sessions.
- Developed a responsive UI with TypeScript, improving usability with smooth loading and error handling.
- Shipped real-time metrics, loading/error states, and session reset to improve usability and demos.

IoT Botnet Detection System

August 2025 - September 2025

- Refined scalable ML pipeline via UCI N-BaIoT preprocessing, enabling analysis of **7M+** records.
- Improved dataset solidity by removing **157k+** duplicates and fixing imbalance, boosting fairness by **92%**.
- Reached **99.96%** accuracy through Decision Tree training with tuned depth, reducing errors to only **86**.
- Validated intrusion detection via correlation heatmaps on **205k** test samples, ensuring scalable deployment.

SKILLS

Programming Languages: Python, Java, TypeScript, C++, C, JavaScript, Go, MATLAB

Frameworks/Technologies: React.js, Tailwind CSS, Redis, Prisma, TensorFlow, Scikit-learn, Pandas, NumPy

Cloud & DevOps: AWS (EC2, S3, Lambda), Docker, CI/CD Pipelines, Linux, Microservices, Railway

Databases: PostgreSQL, SQL, NoSQL

Development Practices: Agile, SDLC, Debugging & Troubleshooting, Distributed Systems, Operational Excellence

Certifications: HackerRank - Advanced Python developer, Advanced SQL, Advanced Go, Advanced JavaScript
